## MSc Medical Mycology Scholarships, University of Manchester, UK

<http://scholarshipsbank.com/msc-medical-mycology-scholarships-university-of-manchester-uk/>

[International](#) scholarships are available for applicants seeking places on the **MSc Medical Mycology** for September 2013 entry. The scholarships are directed at medical and [healthcare science](#) graduates from 'resource-limited' non-EU countries wishing to develop their skills as mycologists. *Funding provides full sponsorship of the MSc tuition fee and £16,550 living allowance (stipend).*

These scholarships are aimed at international graduates within the medical and healthcare sciences seeking to develop fungal infection diagnostic services with a global reach. Alongside the application, an additional covering statement (maximum 750 words) should be included explaining how you intend to use the scholarship to improve the diagnostics and care of patients with fungal infections in your home country and/or global.

Applications are invited up to and including **Monday 5 August 2013**. Interviews with shortlisted candidates will be held mid-August. Places for 2013 entry are limited so early application is encouraged. Any enquiries relating to the MSc or scholarships should be directed to Dr Riina Richardson ([riina.richardson@manchester.ac.uk](mailto:riina.richardson@manchester.ac.uk)).
