Overseas Student Scholarship Scheme

Academic Year 2012-2013

[University of Abertay Dundee](#)

The Overseas Student Scholarship Fund is open to students living outside the European Union and the European Free Trade Area, who are liable to pay overseas tuition fees and whom the University of Abertay Dundee believes would bring to the University additional personal and academic qualities. The Fund will support individual scholarships based on **academic merit**, and/or **personal achievement** in either sports or music. They will be available for students enrolling for study at Abertay in September 2012.

The value of each scholarship award will be directly related to the quality of the individual applicant's academic merit and/or his or her personal achievements in sport or music.

The value of the award to individuals may therefore vary, but would not exceed the value of the tuition fee, and be subject to the amount of the total Scholarship Fund remaining when the application is considered.

Deadline for Applications

The University has set **31st January 2012** as the deadline for applications for the first round of awards. Two further rounds of applications for the academic year 2012/13 will be invited with deadlines of the **30th April** and **31st July 2012**.

Students applying for one or more full years of study at the University of Abertay Dundee, at either [undergraduate](#) or [postgraduate](#) level, will be eligible to apply for a scholarship.

Undergraduate students who are granted a place on a University of Abertay Dundee full-time degree course and are awarded a scholarship will benefit from the scholarship funding each year, for up to four years depending on the length of their course¹. For taught postgraduate degrees, successful applicants will enjoy scholarship funding for the duration of their course (normally between 12 and 18 months).

The Academic Merit Scholarships will be available to those with outstanding academic merit, based on their proven academic record at school and/or [college](#) and/or university at the point of application.

The Personal Achievement Scholarships will be available to those applicants whose personal achievements in sport or music demonstrate a commitment and determination to excel in other aspects of life.

The Personal Achievement Scholarships are not being presented as Sports Scholarships or Music Scholarships in the conventional sense. They are however designed to reward those who can demonstrate their achievements to date in their chosen musical or sporting field. The University of Abertay Dundee has a strong record of individual and institutional achievement in both areas. It has run a highly successful Elite Athletes programme for many years, supporting individual sports men and women who are competing at national or [international](#) level, and who have also represented the University in their sport. Among Abertay's sporting alumni are: a women's tae kwon do world champion, a European amateur golf champion, and international competitors for [Scotland](#) and or the UK in rugby union, judo, athletics, figure-skating, hockey, gymnastics, soccer, and waterpolo. In music, Abertay is one of only a handful of universities in the UK to have [its](#) own pipe band, linked to a thriving University traditional music club.

Among the sporting scholarships will be: 11 Cricketing Excellence Scholarships, 8 Golf Handicap Scholarships, 11 Football Scholarship, 15 Rugby Union Scholarship, 5 Basketball Star Player Scholarship. Other sporting scholarships are available for Volley Ball, Hockey, Badminton, Ladies Netball, Boxing, and Snow Sports.

Applicants will be asked to justify their applications through, for example, membership of their relevant regional or national sporting teams or demonstrable excellence at club level.

Among the available music scholarships will be: 2 Piano Solo Performance Scholarships, 2 Piano Ensemble Scholarships, 4 [Digital Keyboard](#) Performance Scholarship, 2 Guitar Solo Performance Scholarships, 2 Guitar Ensemble Performance Scholarship as well as scholarships for all sections of orchestral performance, as well as traditional musical instruments (non-western) and traditional western musical instruments (e.g. Fiddle, Bagpipes). Applicants will be expected to demonstrate their achievements through certified performance skills in their chosen musical form.
