PhD Student Positions, San Diego State University, California, USA

<http://scholarshipsbank.com/phd-student-positions-san-diego-state-university-california-usa/>

Ph.D. Student Positions at [San Diego State University, California](#), USA

Ph.D. student positions in [Engineering](#) Sciences or [Computational](#) Sciences are offered in the Powder [Technology](#) Laboratory (www.ptl.sdsu.edu) – a world leading center in sintering [research](#) at the San Diego State University.

Ph.D. projects will be of an interdisciplinary nature focused on the experimental or computational [materials science](#). The successful applicants should have strong academic records and should be highly motivated to conduct experimentation or mathematical modeling and simulation on real-world processing of novel material systems for a number of cutting-edge technological applications.

Admission criteria and application procedures are available at <http://www.engineering.sdsu.edu/main/jdp.htm> and http://www.csrc.sdsu.edu/csrc/programs/phd_international_checklist.php for Engineering Sciences and Computational Sciences programs, respectively.

The positions assume a tuition coverage support and a competitive stipend.

The application deadline: **February 1, 2011**.

For further information please contact [Professor](#) E. Olevsky at eolevsky@mail.sdsu.edu.
