School of Biosciences Scholarships for International MSc Students, University of Kent, UK

<http://scholarshipsbank.com/school-of-biosciences-scholarships-for-international-msc-students-university-of-kent-uk/>

The School of [Biosciences](#) is offering ten scholarships for [postgraduate](#) Master's study, each with a value of £2,000, in order to provide financial assistance to well-qualified students paying overseas fees.

This Scholarship is awarded on the basis of academic excellence as assessed by the entry qualifications for each postgraduate programme. Eligible applicants will automatically be considered for this Scholarship and there is no need to make a separate application for this award.

The School of Biosciences reserves the right not to allocate this award to any individual applicant it considers ineligible.

Eligibility criteria are as follows:

- The student must be an overseas fee payer
- The student must have applied for one of our [Master's programmes](#) ([Biotechnology](#) and [Engineering](#), Cancer Biology, Drug Design, Reproductive Medicine: Science and Ethics, Science, [Communication](#) and Society, or MSc by [research](#)) before **June 1st 2013**.
- The student must meet any conditions of the offer to study, e.g. GPA, degree classification, English Language qualifications
- The Scholarship is dependent upon continued good standing and will be released in December 2013 to ensure that good academic progress has been achieved
- The student can hold the School of Biosciences together with other scholarships for which they are eligible (e.g. [International](#) Scholarship for Taught Master's students, Kent Cancer Trust Scholarship). Scholarship holders would be expected to undertake reasonable duties to support the external profile of the School of Biosciences, for instance assisting with Open Days, outreach with the local community, working with the International [Development](#) team, and promoting the School of Biosciences in their home countries.

[University of Kent](#)

22nd in Guardian University Guide 2013

3rd in National Student Survey 2012

School of Biosciences

12th in Guardian University Guide for [Graduate](#) Employability
